OSTEOPATHIC CLINIC À MAINS NUES PARIS

SPECIFICITIES OF THE CLINIC

- PEDIATRIC UNIT -

The CEESO Paris Clinic is the first Osteopathic care center in France to have opened a pediatric unit, in collaboration with Osteopaths D.O recognized in the pediatric environment and working at the hospital.

- ENGLISH SPEAKING CONSULTATIONS -

The CEESO Paris Clinic is the first Osteopathic care center in France to have opened specific days of consultations devoted to English speaking patients.

- OSTEOPATHIC CONSULTATIONS IN COMPANY -

The practitioners of the CEESO Paris can move on your workplace and already make interventions within several partner companies, such as the Post office, The DDSP (Departmental Direction Of Public Security), Endemol, etc.

Because the needs for your company are not the same as another, we provide you a solution completely created for you, to meet your needs and your objectives.

WHAT IS OSTEOPATHY

OSTEOPATHY FOR EVERYONE :

Osteopathy is a distinct approach to healthcare based on a well established system of clinical diagnosis. Osteopaths focus on the structure of the body, using safe, natural, manual treatment which offers a caring approach to the individual needs of each patient – at all stages of life from birth to old age.

In France, osteopaths are government registered practitioners who complete a minimum of 5 years university training in anatomy, physiology, pathology, general medical diagnosis and Osteopathic techniques.

OSTEOPATHY, FROM HEAD TO FOOT :

If the back pain remains the first cause of the consultations, Osteopaths can help patients with a variety of conditions such as : arthritic pain, headaches, sports injuries, digestive disorders or still painful rules, etc.

WHAT IS A TEACHING CLINIC ?

When training, each student has to complete more than 1000 hours in clinic before the end of the course.

The CEESO Paris teaching clinic is where 4th and 5th year students become responsible for osteopathic consultation. This includes taking case histories as well as applying actual osteopathic treatment.

All students are closely supervised by a clinic tutor (a registered osteopath) whilst treatments are carried out.

WHY SHOULD I CHOOSE THE CEESO PARIS CLINIC ?

The CEESO Paris Clinic "*À Mains Nues*", based in St Denis, has been providing osteopathic treatment to the local community for more than 20 years.

The CEESO Paris is one of the pioneers of osteopathic training in France and always had for vocation to train professional Osteopaths with high skill level.

The CEESO Paris is approved by the French Ministry of Health and its diploma is registered to the RNCP- Level 1 ; higher level of certification in France.

98% of À Mains Nues patients would recommend the Clinic to a friend or relative

WHO WE ARE

We have been providing Osteopathic treatment to the local community for 25 years and pride ourselves on our consistently high quality clinical treatments.

À Mains Nues Clinic, is the teaching Osteopathic care center of CEESO Paris - Centre Européen de l'Enseignement Supérieur de l'Ostéopathie

Our senior students provide treatment under the supervision of qualified and registered Osteopaths to ensure that the diagnosis and the treatment is safe and effective for the patient.

All students are undertaking their clinical practice and have completed extensive study of osteopathy and medical subjects in classroom and hospital.

The consistently high quality of clinical training provided is well known across the area and the fact that our fourth and five year students provides more than 12 000 consultations a year bears testimony to this.

The first consultation last 1 hour and the follow up appointment 45 min

More than 12 000 patients trust us every year
